I. RATIONALE

The ELGU Onsite Tech Support for LGU Buguey was conducted to provide technical assistance to the local government unit. The activity aimed to recalibrate fees for MPSU and introduce eGovPay, which is an online payment system. The onsite support is essential in ensuring that the LGU's electronic systems are functioning correctly and efficiently. The introduction of eGovPay is also expected to improve the payment processes and reduce transaction time for citizens. The activity is in line with the DICT's mission to provide effective and efficient ICT services to government agencies and the public.

III. HIGHLIGHTS OF DISCUSSION

The ELGU Onsite Tech Support for LGU Buguey was a successful activity that achieved its objectives. The recalibration of fees for MPSU was completed, and the introduction to eGovPay was well-received by the participants. The activity enabled the LGU to improve its electronic systems and payment processes, which is expected to benefit the citizens of Buguey. The DICT facilitators provided excellent technical support, and the participants appreciated the hands-on training and assistance provided during the activity. The successful implementation of eGovPay is expected to enhance the LGU's revenue collection and improve the overall efficiency of its operations.
